

# **Are You Free, Or are you a slave?**

Author unknown

**Originally, the Constitution limited the jurisdiction of the federal government by making citizens of the state in which they were born or resided. According to the Constitution, the federal government could only have jurisdiction on a person if they lived in Washington DC or a US territory.**

**The Federalists who took control of our government after the Civil War, instituted the 14th Amendment to "protect" the former slaves. This amendment allowed the former slaves to come under the Jurisdiction of the Federal Government in order that the Federal Government could protect their Constitutional rights. Many blacks were being abused by people and the local or state governments would not come to their aid. The 14th Amendment may have freed the slaves from oppression of their neighbors, but it gave them and us a new master, the Federal Government. The 14th Amendment makes us citizens of the United States AND of the several states. This allows the Federal Government to have jurisdiction over us that it never had before the 14th Amendment. The 14th Amendment also states (the last section) that the debt of the Federal government cannot even be questioned.**

**Most people have received their United States citizenship when they received their Social Security Card. With the Social Security Card came income taxes. I am not going to go into how we have been put under Statutory (Admiralty) Law; I will simply state that we are under it. We all know this because we need a license (permission to break the law) or permit to do things. A free citizen doesn't require a license or a permit. Why would a free person require permission from the government to get married, drive a car, start a business, to add onto his/her home or improve his/her property?**

**Please show me in the US Constitution or your state constitution where a government has the right to demand such obedience? If anyone is arrogant enough to try to use the US Constitution to show such things, please align your argument with the 10th Amendment. How did we get in such a mess, but more importantly, how do we get out of such a mess?**

**The Congress in session during the time the 14th Amendment was declared law provided people with a way to get out from under these provisions. It is called an apostille. An apostille allows you to deny or renounce your United States citizenship and receive diplomatic immunity. For total freedom, you also must file a UCC-1 lien against your strawman and a denial of corporate existence against the incorporated local and state governments.**

**Have you ever noticed that your driver's license, bank statement, and any bill that you receive is in all capital letters? This is not by accident; there is a legal reason for this.**

**DID YOU EVER WONDER WHY THE GOVERNMENT OR THE STATE CAN TAKE YOUR HOUSE, PROPERTY, CARS, BANK ACCOUNTS, CHILDREN ETC.?**

**DO YOU THINK YOU OWN EVERYTHING YOU WORKED SO HARD FOR THROUGHOUT YOUR LIFE?**

**DO YOU THINK YOU ARE TRULY FREE AS GOD INTENDED IT TO BE SO? OR ARE YOU A SLAVE?**

**ARE YOU A SUBJECT AND PAYING DUTY TO THE CROWN OF ENGLAND THROUGH THE TAX SYSTEM?**

**WHAT IS YOUR REAL NAME? IS IT JOHN HENRY DOE, IN ALL CAPITAL LETTERS OR IS IT, John Henry Doe, IN UPPER AND LOWER CASE LETTERS?**

**I KNOW THE ANSWERS, BUT DO YOU?**

**IF YOU WANT YOUR LIFE AND FREEDOM BACK YA BETTER READ ON!**

**ASSUME THE FOLLOWING:**

**The United States is bankrupt and has been since 1933. The government has no gold or silver as required by the Constitution. The only asset left is the people. So how does the U.S. finance its daily operations?**

**Solution, collateralize the people for credit. How? By registering them in international commerce, and selling bonds on them. The people become the surety on the bonds, or the "pledge". The asset bonded (surety) is the labor of the people which is payable as some undetermined future date. Thus, the people become the "utility" for the "transmission" of energy. Result, a very sophisticated form of peonage or slavery and the Constitution does not apply because the government, on all levels, is thrown into international commerce, the law merchant, now known as the Uniform Commercial Code. [See Public Law 88-244 in which the U.S. Subscribed to private international law. See definition of "goods" under the Uniform Commercial Code; Section 2-105(1) and 9-105(1) in which animals, i.e. humans and their unborn offspring, become "goods" sellable in commerce!**

**When a baby is born in the United States, a birth certificate is registered with the Bureau of Vital Statistics in the State of birth. The key word here is "registered" as registered in international commerce. The baby becomes the surety, whose energy is due at some future date. When the birth certificate is registered in the U.S. Department of Commerce, the Department of Treasury issues a bond on the birth certificate (\$1,000,000) and the bond is sold at some securities exchange and perhaps bought by the Federal Reserve Bank, which then uses it as collateral in order to issue Federal Reserve Notes or some other form of "debt obligation" (see 18 USC §411). The bond is then held in trust for the Federal Reserve at the Depository Trust Corp. At 55 Water Street, in New York City, about two blocks down the street from the Fed. It is a high rise office building and the sign out front reads "The Tower of Power".**

**When the birth certificate is registered, a separate legal entity is created, like a mirror image of the flesh and blood human. This separate entity, or alter ego (THE ALL CAPITAL LETTER NAME) is the "straw man". (See Black's Law 6th edition dictionary). And it is the "accommodation party" of the Uniform commercial Code §3-415. The "name" is credit. (See Back's 6th "accommodation party"). Therefore the right (or the use) has been separated from the title (or deed). The "straw man" holds the title (he belongs to the government's client who bought the title) and the real live you, flesh and blood man or women has only naked possession with the**

limited "right" to use the thing (like your body or your alleged possessions and land). Maybe that's why our civil rights suits get dismissed out of court on Civil Rule 12(b)(6) motions. This deals with "failure to state a title upon which relief can be granted". A claim is another word for "title". So we have "failed to state upon which relief can be granted". We do not own the "title", even to our own bodies anymore. Isn't that encouraging! How free are you now?

When the straw man violates some rule or statute (for instance a traffic ticket), the flesh and blood, the real you has to appear at the arraignment and admit the straw man's name (credit) and the "energy" surety is due and payable (fine) by the flesh and blood man who is in use of the straw man. This, I'm sure, is why it is so important to "voluntarily give" your name to the magistrate (court). The defendant is the straw man. The real you, the flesh and blood man is the "offender". An "offender" is on the offensive team until he screws up and goes on the defensive team with the defendant (straw man) and loses as the real man.

So if this scenario is correct, how does one get back the bond that has been sold on the birth certificate. And then how does one get in control of his body and his property?

**TITLE = RIGHT = REMEDY = RELIEF** can only be granted after perfecting the "security interest" in the "goods" (The collateral = pignus = the straw man)

## **DEFINITIONS & MEANINGS**

**Stramineus homo** /straminiyas howmow/. L. Lat. A man of straw, one of no substance, put Forward as bail surety.

**Stratocracy** /stseokraisii/. A military government; government by military chiefs of an army.

**Straw man or party.** A "front", a third party who is put up in name only to take part in a transaction. Nominal party to a transaction; one who acts as an agent for another for the purpose of taking title to real property and executing whatever documents and instruments the principal may direct respecting the property. Person who purchases property for another to conceal identity of real purchaser,

or to accomplish some purpose otherwise not allowed.

At birth your parents and the doctor become the pledger of the birth certificate title to the baby Johnny. The State become the recipient of this pledge for the future energy output of "Johnny". The state converts the "title security document" into a bond which is sold on the open market place to finance government. The bond holder is the secured party to receive the future energy output of Johnny. Johnny is the mere naked holder and possessor of the body with no title. His duty is to the secured party.

The definition of the straw man now becomes apparent. The straw man is nom de guerre artificial entity put forth that is owned by the secured party who bought into the bond placed on the market by the Treasury of the United States. The straw man is not yours. It is the front man for the secured party holder of the bond. Whatever the straw man signs, he does so to place title to property in the hands of the UNITED STATES and the bond owner. The straw man does not place title to the property into Johnny's hands. That is because Johnny does not have title to the straw man. The straw man belongs to the UNITED STATES and the bond owner.

In order to get one's liberty and independence back, one must first secure the title and ownership of the straw man back. Once one controls the straw man, then one controls the rights of the property that the straw man acquires.

The key to ownership is registration. In a military government, registered property is recognized By the "public" side. If the property is registered on the public side of the government, then the property is public. If the property is registered on the private side, then the property is private with no public interest.

The military government (democracy) has three appointed leaders. The governor, the Secretary Of State, and the Secretary of Treasury. The Secretary of State holds the registration for the Democracy corporation. The public side of the registration is the "corporate filings" at the state And county levels. The private side of the filings are the "Uniform Commercial Code filings" of the creditors to transactions. This registration by the private creditor is the highest priority of recognition by the military State (democracy). If one is not

registered, then one is believed to be "foreign" with no rights, private or public, except what is granted by the military law form As a privilege.

For one to regain title to his body, the Birth Certificate must be secured and attached and recorded in the private UCC-1 filings with the Secretary of State in the democracy. Once the living soul has redeemed his Birth Certificate and filed notice of the redemption by a UCC-1 filing with the Secretary of State, then the living soul has the right of property ownership in himself through his straw man who now belongs to the living soul. Furthermore, the bond created and sold in the market place for the straw man now becomes the property of the living soul. The living soul now has the capacity to own real property by allodium and to own private chattel property by the process of the passover, redemption, chargeback, and discharge of public debt.

What's in a name? Very simple. A name is CREDIT. For any unauthorized person to use your Name or the straw man's name (when they do not own the title to the straw man) is to violate the laws of "slander of credit". Once you have redeemed the straw man and own him, then any further commercial process done by any person (like an attorney, a judge, or law enforcement office without your consent) is slander of credit against your straw man. This is a federal criminal securities violation that means prison for them.

Until you redeem your straw man and register his title to you, the living soul, then your straw man becomes the source of the credit for the UNITED STATES to the public affairs of the nation through the "pledge" or gift of your property) your body and energy) to them for their use.

Watch this video, it is an older video and the phone numbers are not good anymore but it gives you the basic idea behind the strawman and why it is important to file your UCC1 [CLICK HERE](#).

What can you do about it? We have the answer and all the documents you will need. Please click on [ORDER NOW](#).
