Mayan Calendar Time Scale for Man's Evolution on Earth

The Mayan Calendar Comes North June 22, 2004 - 2½ hr. video presentation by Ian Xel Lungold in Canada Excerpts For further ref: www.mayanmajix.com/Learninglab/articles

Recognition of Patterns⇒ being Certain⇒ being Centred⇒ Peace of Mind

We're on schedule! From bottom to top of the time scale – the trend: things are getting better!

Consciousness and Calendars:

Consciousness is *the awareness of being aware*. Noticing *yourself noticing something*. And... Consciousness is not just us; It is *everything*. Calendar: the absolute dead centre of any, every, civilisation's consciousness. Pivotal.

9 th Conscious Co-Creation all of the	time	Universal Conscious will start Febru	,	2 3 4	5 6 7	260 days long. 1 day or night = 20 days. October 28, 2011 ends the Mayan Calendar and time/space. 3D consciousness is superseded.
8 th Ethics is overcoming Power Galactic Consciousr started Janu			cle-1 2	3 2003 2005 2006 2006	T	12 years 1 month long. 1 day or night = 360 days. Day 1: Y2K fears. November 28, 2005: 4 th Day ends and 4 th Night starts. Ethics. Power élites in trouble. 2007: 5 th Day will see global teleportation of 3D objects.
7 th Power overcame Law	<mark>Planetary</mark> Consci s	iousness Cycle-1 started 1755AD	2 3	4 5	6 7	244 years long. 1 day or night = 19.7 years. The Industrial Revolution started in Europe, machines replacing manual labour. Day 4: 1874-1894, Rockefeller, Carnegie, Westinghouse, J.P. Morgan flouted Law. 1913: e=mc². 1924: Hubble's deep space telescope. Day 7: the computer - technological evolution. 1992: www.com brought global consciousness.
6 th Law overcame Reason	National Consciousness started 3			4 5 Ro	me 7	4,869 years long. 1 day or night = 397 years. Day 1: Menes founded Egypt the nation was produced from this consciousness. LAW: right and wrong, crime and punishment began. Day 5: consciousness⇒fall of Rome
5 th Reason	Cultural Consciousness T Cycle- started 102,000 years ago		3	5	7	105,115 years long. 1 day or night = about 7,692 years. Its brand of consciousness was shared Reason. Agriculture was its mainstay. Day 7: the great Library of Alexandria commenced in ±10,308BC (Edgar Cayce); the Great Pyramid of Gizeh completed in 10,396BC (Edgar Cayce)
	nsciousness 1 Cycle- d 2 million years	2 3	4	5 6	7	1.9 million years long; 1 day or night = ±146,150 years. Fire introduced 800,000 years ago. The tail gave way to the mind. Day 7: homo sapiens. Similarities and differences were noticed – not to react, but to decide.
3 rd <mark>Familial</mark> Conscio Cycle- started 41 yea		3		5	7	39 million years long. 1 day or night = 3.1 million years. Stimulus/individual response
2 nd Mammalian Consciousness Cycle- started 820 million years ago	2	3	5	6	7	1 day or night = 63.4 million years. Day 5: our Solar System formed. During Day 5, life emerged from the oceans to the shores. Disasters wiped out 97 per cent of life during Day 6
1st Cellular Consciousness Cyclestarted 16.4 billion years ago			5 our solar system formed		7 820 million years fits very nicely in this box.	accelerating by a <u>factor of 20</u> . Action/Reaction
9 Levels of progressively penlightened to the consciousness pending t	2	3 4	5	6	7	7 days / 6 nights = 13 periods/steps/stages. each "day" is a period of enlightenment / each "night" is a period of applying this increase in consciousness
