Intro

Welcome to the New World Order Resistance, a peaceful global grassroots movement dedicated to non-violence and created to reveal the historical tyranny of the international banking cartels, their absolute control of our nations and governments, and their plans for the creation of a One World Government. For too long have our nations been controlled by these international bankers who have no love but for money and power. Too long have we given them the ability to control our money supply enabling them to steal our hard-earned wealth through inflation, deflation and debt. Too much of our blood has been spilled on the battlefield in conflicts they have orchestrated for the sole benefit of the few.

We, the people of the world denounce your claim of ownership of the world for it is through fraud, deception and usury that you have made yourself the rulers of humankind. You have committed every evil in your goal for world hegemony and have become drunk with the blood of the innocents. No longer shall we the people sit idly by allowing your agenda to stay hidden behind the veil. We shall unite with a common purpose and with a common goal to spread the knowledge of your tyranny across the globe and to demand justice until the world is free from the slavery and perdition you have created on this earth.

What is the New World Order?

Novus Ordo Seclorum

The New World Order is a diabolical plan created by the financial elite in order to destroy the national sovereignty of the governments of the world through economic blackmail and world conflict with the goal of enslaving humankind in a One World Fascist Dictatorship / Government.

The agents of the New World Order have successfully taken control of the world's financial system. Our politicians have made it "legal" for the private banking corporations to control our money supply, stock market and ultimately our destiny. A famous quote "Money is the root of all evil" is fitting, but a better understanding comes when you ask the question "What is the root of all Money?". The private banking corporations control the printing press and print money for the cost of paper (usury) and use it to enslave the nations and people of the world in debt.

Our governments have become totally insolvent or bankrupt through the creation of this debt slavery. Our governments are now maxing out the NWO credit line to keep the game going. We, the people are the only resources keeping the system alive as we are deceitfully sold into slavery at birth to the financial market as property of the state. Our productive capacity or labor via the Income Tax is used as collateral for this debt slavery. Matrix-esque anyone?

Since the agents of the NWO control the economy, our governments are slaves to the economic system. The NWO uses this power to control the destiny of the nations. The power of this money to shape society is limitless. They use it to control who is elected as politicians, what stories our news outlets air and any other interests (unlimited) that can be bought in a capitalist and immoral society. Not only do they subvert our democracy and keep us misinformed, but they ultimately control the future of our nations through inflation, deflation, the availability of money and interest rates. The stock market crash has become a scientifically created event designed to steal the wealth of the people, further the indebtedness of the nations, and create the conditions necessary for worldwide conflict.

The agents of the NWO throughout the ages have created and manipulated conflicts between nations to further their agenda. They have funded both sides in every major war. They know better than anyone that there is no business more profitable than war since they have been using conflict to enslave the nations through massive debt. The current estimated cost of the Iraq war stands at 2.7 trillion (2,700,000,000,000) and counting at a time when the American people are witnessing the worst economic crisis of this age. It is time to ask yourself Who is the real enemy of the American people?

The "War on Terror" has been manufactured by the New World Order to finally realize their goal of total world domination. The agents of the New World Order have created a globalized economy in order to create financial dependencies between the nations. The crash of the American Dollar will be used as the Trojan Horse to destroy the globalized market and create the chaos and conditions required to usher in the New World Order. The crash of the world economies coupled with food shortages (famine) and World War III in the Middle East will be used to create the perfect crises out of which the New World Order will arise as the solution. The NWO modus operandi uses a simple Problem->Reaction->Solution process to gain control. The agents of the NWO use their money, power and control to manufacture the crises. In reaction, the people cry out for help from the ravages of war, famine and despair. The agents of the NWO seize this opportunity to deceive and enslave the masses into their One World Fascist Dictatorship / Government. There is no clash of civilizations, East vs. West, Christian or Jew vs. Muslim, but instead propaganda and manufactured conflict to keep us in fear so we continue to play the game. We are all pawns in this game and until we realize this truth

we will continue to be exploited by the agents of the New World Order for personal gain.

It is said that those who are ignorant to the lessons of history are doomed to repeat them. Will we allow the NWO to repeat history once again with another Great Depression and World War? Will we be fooled again by the propaganda and bread & circus shows meant to keep us distracted and divided? Will we continue in ignorance to believe the problems of this world amount to petty party politics, a left vs right paradigm or a republican vs. democrat issue?

We must not let these evil psychopaths succeed in their quest for world domination. The future of humanity and the entire world is at stake. We must set aside the things that divide us (politics, religion, race, nationality, pride, hubris) and stand united for truth, justice and freedom. Are you ready to do your part? Are you 100% committed to ending this reign of tyranny and despotism that is the New World Order?

It is time for all of us to stand up as one, undivided, and let our voices be heard. It is time for us to take action to create physical changes on the ground. We must act now to restore the power (control of our money supply and our governments) to the people where it belongs in order to guarantee justice and freedom today and for all future generations. The people are waking up to the truth and the Resistance is growing into a massive movement for change. Please do your part to help educate your friends and family to this evil plot and make the promise to always stand for truth, justice and freedom.

The New World Order Resistance is 100% committed and dedicated to dismantling the NWO in all its forms and removing its stranglehold on the nations and people of the world. As long as there remains a single person in this world who stands for liberty, rest assured, the resistance will continue to bring the battle to the enemy until we taste true freedom. Give us Liberty or give us Death.

Join us in our fight to restore knowledge, justice and freedom to the people!

Who are the agents of the NWO?

Thomas Jefferson forewarned us...

"If the American people ever allow private banks to control the issue of their money, first by inflation and then by deflation, the banks and corporations that will grow up around them (around the banks), will deprive the people of their property until their children will wake up homeless on the continent their fathers conquered."

The Belly of the Beast

The New World Order is an international private banking cartel who control the money supply of the nations, the globalized stock market, our governments and the people through debt slavery.

The New World Order economic stranglehold is accomplished via private central banking cartels. The global banking system is controlled by the world central banks which include; The World Bank Group, The International Monetary Fund, and The Bank for International Settlements. These global central banks in turn set policy and regulate the national private central banking cartels in each country. In the United States it is known as The Federal Reserve System, and in Canada as The Bank of Canada.

These private banking cartels have become our mortal enemies as they have taken control of our money supply and are using it to drown our nations in debt. Their single objective is the creation of a New World Order where they are in control of a One World Fascist Dictatorship.

The Agents

The agents and enablers of the New World Order are easy to spot, we simply have to look to see who benefits from fiat currency, the manipulation of the stock market, the creation of debt and the conflicts raging today.

The agents of the NWO are directly involved in pushing the New World Order agenda through economic and political means. The main agents of the New World Order sit on the seats of power in the banking corporations, think tanks, and government. Wherever there exists the propensity of power to corrupt, you will find people who have taken money as their master above all else.

The list of such organizations include banks, think tanks, the financial industry, and war profiteers to list a few. Wherever you see profits that come at the expense of the well-being and freedom of your fellow human, you are sure to see these parasitic organizations circling overhead like vultures after the kill.

- The United Nations
- The European Union (EU)
- North Atlantic Treaty Organization (NATO)
- The World Bank
- The International Monetary Fund (IMF)
- The Federal Reserve
- The Trilateral Commission
- The Bilderberg Group
- The Council on Foreign Relations
- All the Free Trade Agreements / Globalization

Incrementalism - How good people do bad things - I'm just doing my job!

The average employee / shareholder of these organizations are mostly oblivious of the crimes that are perpetrated against humankind as they exist at the bottom of the control pyramid. They are outside the inner circle and are simply "doing their job", a mere tool of the system. Their employees are conditioned to believe they are bringing democracy and freedom to the world when they are bringing fascism and enslavement to the masses. The system brings them riches and so they never question their actions or see the bigger picture. They do not want to believe for an instant that the system they depend on for sustenance is being used to

slowly enslave humankind.

We are Enablers!

Through our ignorance and lack of political involvement we have become enablers who keep the New World Order in power and hidden in plain view. It is only through our consent, or lack of dissent that the New World Order has come to control our economy, media, politics and the future of humanity.

We have decided to accept usury (interest) from the banking institutions and to take loans at usury from them. We have to understand that taking usury is the same as taking a bribe or blood money as we are stealing money from our fellow human since all money is created as debt. The bankers use our money on deposit to create new money out of thin air and use it to enslave our fellow humans. They give us a stipend in the form of interest on this money for this benefit. This is evil and creates inequity and disparity by its very nature. We feed the beast by agreeing to be party to this fraud. Without our consent the NWO is relegated to a powerless group of old men with insane conspiracy theories for world domination.

We have become a fat, lazy and misinformed public. We do not collectively fight for our rights and our freedoms and have allowed the NWO to take control of our economies, take away our freedoms and subvert our democracy. We have allowed our government to be corrupted by the business interests of the corporations through the lobbies. We have allowed our governments to tax us without representation in order to keep the bankers in control. We have allowed the wholesale destruction of our media so that the truth is hidden and the people are fed propaganda and misinformation. We have through inaction become complacent to the crimes against humanity and so must NOT cower from our responsibility in these crimes that have arisen from this beast whom we have given ultimate power and control.

How much further must we allow it to go? When will we say enough is enough and stand up for humanity? It is clear, this problem will not solve itself and if you are waiting for the career politicians to fix the world you are even more deranged. The only people that can solve this problem are you and me. No longer shall we believe that we are powerless to change the world. Just as we have consented to delegate this responsibility to our representatives to govern on our behalf, we can take it back for ourselves and take to the streets in protest and civil disobedience. We the people are the masters of our own destiny, all we have to do is stop being enablers and to face the truth head on and decide to be committed to ending this tyranny here are now. The time for excuses is over. If we do not act now, history will judge us accordingly.

Am I already a slave to the NWO?

Your parents unknowingly delivered you into bondage

This happened the moment your parents were deceived into registering you with the government for a Birth Certificate. This process signed you over to the government as property of the state. At this point in time the state created a legal entity '**PERSON**' (strawman) on your behalf with your name in capital letters (i.e. John Doe -> JOHN DOE) and this evil shadow of yourself becomes the force majeure that binds the laws of the land to you and your servitude and bondage to the state.

We say bondage because your **birth certificate is a receipt for an actual loan/bond that is borrowed from**

the Central Bankers in the name of your 'PERSON' for the amount of ~\$1,000,000 to pay for your government liabilities. This money is invested in the market with interest and is managed by a fiduciary agent who is responsible for transferring these funds to your government representatives on your behalf every year to pay for your government obligations. Your future sweat and labour (income tax) is used as the collateral for the money borrowed. Notice language is very important here. You are a human being, but every law written deals with the 'PERSON' which is the deceitful entity they have created to enslave you in their system of bondage.

Your application for a Social Insurance/Security Number is your acceptance of the terms of this agreement when you come of age. This acceptance validates the whole ponzi scheme and cements your servitude / slavery in the federal corporation. You lose your inalienable right to true freedom given to you from the creator and become a slave of the corporation. The SIN/SSN # is used to force your compliance as you are deceived into believing that you cannot transact commerce in society without this number. Does this sound like a free society to you?

We haven't even begun to talk about the issues and you have already learned that you are a slave to the NWO from birth. If this fact alone is not setting off alarm bells in your head and awakening your consciousness then please continue on reading. At this point you may be trying to rationalize this whole situation for the greater good. By all means after reading this information perform a cost benefit analysis. From our perspective slavery != freedom.

Your government is a corporation [Draft]

A corporation is a top down (or pyramidal) control structure. By placing 'PERSONS' at the bottom of the pyramid we the people in effect become a legal entity that is controlled by the corporation. The corporation is not a physical entity so it cannot operate on things in the physical world. The corporation exists only in the fictional world and so can only operate on fictional entities. We believe that we elect human beings that will act on our behalf, the problem is that once they become officio politicians or directors of the corporation they no longer are responsible to the real people but instead are given control over the 'PERSONS' simply by the nature, structure and operation of the corporation.

We have all been taught that we have freedom because we live in a democracy. The real truth is that we have submitted to being controlled by the rules and regulations of a corporation and that our inalienable rights to live as human beings in freedom have been supplanted. The corporations that are your local, state and federal governments are what give the elites control over your destiny and subvert democracy. As employees, agents and shareholders of the corporation you are given the ability to vote for the representatives of the corporation in terms of politicians. We have been deceived into believing that freedom is this servitude.

Whether or not you believe in God or a Creator, it can be said that the human being has inalienable rights that cannot be transgressed or taken away. Without the government corporation we have ultimate freedom. Natural law is what is used to ensure the safety of civilization as was throughout the ages until recent times. Our democracy today is simply a new clever spin on fascism. The ability to enslave the whole population into a corporate system of servitude in which the 'PERSONS' actually agree to be slaves yet they know it not. We have allowed the elite to govern over us through the creation of corporations instead of the will of the people. Don't fool yourself, the corporation holds the ultimate power not the people. Just take a simple look at the foreign policy positions of the United States with respect to the War in Iraq and you will quickly understand that the people are helpless. Heck even the congress is held hostage by the veto of the president. Is this government by the people for the people? Are we to expect that we vote in our leaders and then put on a blindfold for the next four years until we play the game again? What if the president and his cabal decides to create a police state in those four years and take away the most basic legal rights such as due process and habeaus corpus? The people are playing a shell game in this democracy where the candidates are already chosen ahead of time and your vote means absolutely nothing.

If you have ever watched the movie "The Corporation" you will understand the machinations of the corporation and how by it's very nature and design is accountable to[Draft]

The Reason you can't understand the laws

Language is everything. You can't understand the laws because they were written that way to confuse and deceive you so that you are ignorant to your rights and by logical conclusion forced to waive them involuntarily. The laws are designed and enforced by the corporation's agents (The Law Societies) and are written to be so confusing to the average human as to require an interpreter or lawyer. It is the same way all knowledge throughout the ages is manipulated to the benefit of a few. The elites use this method to control the masses through the flow of information and ultimately the interpretation of the data (popular opinion) which by design subjugates the masses underneath and stymies critical thinking and alternate viewpoints. If people could actually read and understand the laws they would have true power and freedom and wouldn't need to be represented by lawyers of the state whose whole purpose is to create and profit from conflict. If we the people could read and understand the laws and lived in a truly free society we would know that there is absolutely no obligation to sign your newborn child over to the state as property to be bonded in slavery. Instead this knowledge is hidden from us with a play on words and through deceit (application, submit, register) and the lawyers and legal system are the main culprits in this deception.

The government / corp has delivered you to the wolves

Your government has decided to enslave you to the NWO in order to keep the charade going. For all intensive purposes most nations of the world are bankrupt and as such rely on money borrowed with interest (usury) from the NWO bankers in order to keep society running. No longer do we have a system of financial

prudence, but instead our government uses this fraudulent banking system / the printing press as an unlimited source of money to keep the system running. The only way they have accomplished this is through Taxation. Without our personal sweat, blood and labor there are no assets to use as collateral to make this arrangement legitimate. Our governments have decided to sell us and our future generations into bondage so that they can live in excess and so that we are ignorant to the cracks that keep appearing in society. We have been deceived and we should be good and mad about it. It is time we stop passing "the buck" and this debt and enslavement onto our children and stand up and demand our freedom from this bondage.

The Matrix

We can draw parallels between our current society with that of the movie the Matrix. In the Matrix, the human beings are in pod-like containers and are being used as batteries to power the machines who have taken over the world. The humans in the Matrix are asleep and unaware and live in a virtual world created for them. The parallels are too real for us right here and now. We live in this virtual world designed for us believing that we have true freedom and democracy, meanwhile we are economic slaves to the NWO elites who use our labor and taxes for their own benefit. They are like parasites who have silently infiltrated the world governments and societies through the economic system and are proceeding to destroy each and every nation from within. It is time to wake up!

Redeeming your strawman / Relinquishing your servitude [Draft]

We must create a mass movement to educate the world about our enslavement to the NWO. We must demand to control our Strawman to become the absolute owners of our own destiny or to decide to revoke our Strawman and live free as God created us to be.

How is the NWO controlling our governments?

Money makes the world go 'round

You have all probably heard the old adage "Money makes the world go 'round". Well it is true, and our governments have given the international private banking cartel a monopoly on money. We have given them the ability to issue and control our money supply and manipulate our markets for their own personal gain. They use their unlimited wealth to bribe our government officials to do their will. They rig our elections so that when it is time to vote there is no real choice as the candidates are already chosen by the amount of money and popular media support they have gained. They hold the nations of the world hostage by blackmailing our elected representatives into acting against the best interest of the people whom they are tasked to represent. The NWO has become so entrenched and so powerful that the common elected official sees no benefit in revealing their secrets.

Don't trust our word for it... let's hear what the bankers have to say

"Permit me to issue and control the money of a nation, and I care not who makes its laws." - Amschel Mayer Rothschild

"I care not what puppet is placed upon the throne of England to rule the Empire on which the sun never sets.

The man who controls Britain's money supply controls the British Empire, and I control the British money supply." - Nathan Mayer Rothschild

American Presidents who have attempted to stop the NWO

Every president that has been assassinated in the United States of America has either revealed the secrets of the NWO or has worked to protect America from their evil grasp. Abraham Lincoln scoffed at the Central Bank and printed his own currency without debt as allowed by the constitution and was assassinated. John F. Kennedy railed against the machinations of the secret societies and attempted to abolish the "Federal Reserve" and dismantle the CIA and was assassinated. The power and control held by the New World Order is unparalleled in the history of the world.

In order to take back our democracy and our freedom we have to flip their pyramid control structure upside down and use the masses in order to effectuate change. We are many, they are few. We hold the true power and that is why they must operate in secret!

How is the NWO controlling our economies?

Private banking cartels control our economies

Our governments have sold our people into slavery by allowing the private banking cartel / NWO to issue and control the value of our currency. The NWO controls our financial systems through fiat currency, inflation and deflation, fractional reserve banking and debt.

Our money is worthless

Our money (fiat currency) is actually only worth the paper and ink it is printed on. There is no promise of value or implicit value associated with it except our willingness to use it for trade. The NWO controls the value of it in terms of what the market prices are for goods as well as the interest rates. The amount printed on our bills is immaterial to its worth when the NWO manipulates the money supply creating inflation to increase the prices of all of the goods in our market. Fiat currency allows the NWO to steal real wealth from us by making the value of our money worth less, meanwhile the masses are led to believe that it is the prices that are increasing.

Throughout history, the items used for currency were rare and valuable such as gold and silver. Over time valuable money morphed into a receipt from the banker for monetary holdings and was traded between people instead of having to carry around large amounts of valuables for trade. These bank notes could be converted into gold and silver at any time. Eventually the bankers realized that people were willing to part with their real wealth in terms of silver and gold and were happy using the pieces of paper as trade implements instead. So they decided to de-link the paper receipt from the real wealth and hence fiat currency was born so that the bankers could control all the real wealth while the people owned mere pieces of paper. The founders of the constitution of the U.S. knew the tyranny of the bankers and enshrined in the constitution that all money would be either silver or gold in order to protect the people from fiat currency and the NWO elite.

The "Federal Reserve" Fraud

The American economy and people were finally enslaved by the NWO in 1913 with the creation of the "Federal Reserve", a private corporation owned and controlled by the agents of the NWO. The Federal Reserve act was voted while the majority of congress was away on Christmas vacation. It's true, the Federal Reserve is neither Federal (public institution) nor does it have any reserves (it just prints money / creates debt). The U.S. congress sold out the people of America to the elites by giving the "Federal Reserve" control of the nations money supply. History will show that this single event marked the beginning of the fall of the United States of America. It is through the economic control of the U.S. and the world's markets through globalization that the NWO will cause a worldwide depression the likes of which have never been seen on this planet since the dawn of humankind in order to realize their plans for a One World Government. The American people must act now to repeal the Federal Reserve Act in order to bring them back from the brink of destruction and to have true freedom from the tyranny of the NWO.

To learn more about the Federal Reserve and it's creation, listen to this **audio (mp3) file** from the great G. Edward Griffin.

The Printing Press, Fractional Reserve Banking & Inflation

Now that you understand our money is practically worthless in terms of real value, we think you should know that our governments do not control the printing of our currency. Yes you guessed it, the government has given control of the printing presses to the private banking cartel as well so that they can print as much money as they want (for the price of ink and paper) and lend it back to us with interest. What is also important to know is that with the advent of the computer and digital transactions, the bank doesn't even have to print the money anymore since it's just numbers on a computer screen; a withdrawal from one account and a deposit into another. The bankers simply ensure enough float money is in circulation at any given time. In the constitution of the United States of America, congress is the only body with the power to coin and regulate the value of the money, and yet they have broken this law and sold the American people out to the NWO. This process of creating money out of thin air and charging interest is the best legal example of fraud and usury the world has ever seen.

The second layer of the process of money creation that is important is **Fractional Reserve Banking**. It allows the parasitic banks that have grown up around the central banks the ability to also create money out of thin air and charge interest. The story goes like this: a person walks into a bank and deposits \$1000. The bank uses the process of fractional reserve banking to loan out 9 times the amount they have on deposit (for example, some banks don't have a ratio - i.e. unlimited money creation). Johnny then walks into the bank looking for a car loan for \$10,000. The bank obliges and using the fractional reserve ratio they create another \$9,000 out of thin air and proceed to lend it to Johnny with interest. The \$9,000 did not exist before the Johnny walked through the door and disappears into the bankers pocket along with the interest once the debt is payed off. The only promise to pay is made by Johnny's signature on the bank loan. If the customer defaults on the loan, the bank is only on the hook for the \$1000 which is easily recovered and more from the repo and sale of Johnny's assets. You will most likely look at your local bank in a different light after learning this little nugget of information. You aren't richer than you think, they are!

Lastly, it is important to understand **Inflation**. Inflation is a simple example of supply and demand in a fiat economy and manifests itself as every new dollar that is placed into circulation, every other dollar in the economy is worth less. Inflation drives up the prices of our goods which is more appropriately described as a

debasement of our currency. The richer the bankers get with their money creation ponzi scheme the poorer the people get. The process is meant to steal our wealth. This process will continue until the currency becomes worthless and the money supply is subsequently tightened and a market crash ensues to reset the board and transfer wealth to the elites.

Federal Debt and The Income Tax

The NWO strategy to control nations is through federal debt. The NWO has learned throughout the ages that the most effective way to control a nation is through its money supply. Fiat currency is another word for debt. By allowing the NWO to control the money supply, the nations automatically became debtors since they borrow money from the bankers with interest rather than printing it themselves interest free. Once a country is ensnared, the NWO creates conflict and war in order to drown the country in debt to become its master.

The Revenue Act / Income Tax was instituted in North America as an emergency war measures act in order to raise funds to fight World War I. The Federal Reserve act and the Income Tax Act were passed in the same year 1913. The income tax is a non-apportioned direct tax on the people and as such is unconstitutional. The government uses the Income Tax on the only real productive sector of the economy; the people in order to get them to acquiesce to the national debt. Once the people feel legally obliged to pay the income tax it validates the whole fiat system and the borrowing of money from the Federal Reserve with interest. In simple terms both your Fiat Currency and your Income Tax are part of the same problem: an NWO controlled economy of which you are the labor slave. If you didn't have to pay Income Tax, the Federal Reserve would have no excuse to lend money to the government with interest and the whole ponzi scheme would collapse. The Federal Debt and Income Tax are simply used to enslave our children and future generations to the NWO.

Globalization = Dependence

The process of globalization has made the world a more vulnerable environment to the hostile takeover that is being prepared by the NWO. Our national sovereignties have been sacrificed at the expense of a connected global market. Our means of sustenance such as food production and natural resources are being exported and controlled by foreign corporations. No longer does it become economically viable for our farmers to feed our native populations due to the value of the currencies. Globalization is a fancy word for economic world hegemony and control. It is the first step in the realization of the NWO, for they have learned well that all it takes to control a nation is to control its money supply. The goal of globalization is to link all of the world markets so that a single failure will bring total collapse to all of the economies of the world in a single stroke. We must not buy into this plan. It is the greed of our corporations and the moral depravity of our society that has allowed these bankers to convince us that money is God. We worship the mighty dollar above all else and because of this it will be the idol that enslaves us all.

The Stock Market Crash

We are led to believe that we have a free market, one that is controlled by supply and demand and the other free market forces of capitalism often referred to as the business cycle. The truth of the matter is that it is impossible to have a free market when the money supply is controlled by private interests. The private banking cartel / NWO controls the market through the availability of loans and the setting of interest rates and inflation. The Stock Market Crash is a simple creation of the NWO in order to steal wealth and consolidate power and control over society. The question most people have is why would the bankers want to crash the

economy? If any of you have played the stock market you should know that the best time to buy is when a stock is low and when are prices lower than a recession / depression? The other thing to realize is that they control the printing press, so they simply print money for themselves and buy up all the assets / stored value that the people have saved their entire lives to acquire. The most important thing to understand with the stock market and money in general is that it doesn't just disappear. The stock market is simply a clever way to steal people's money. One persons loss in another persons gain.

The world is being prepared for another stock market crash in the near future that will make the Great Depression look like a walk in the park. The United States economy is bankrupt and will never be able to come clean on it's national debt with an aging population and declining GDP. The system of globalization was designed to link the world economies in order to cause a worldwide financial crisis in order to become masters of the world. The New World Order will crash the economy within the next few years in order to prepare the masses for another world war. The utter despair and destruction caused by worldwide famines and nuclear war will be the events planned to usher us into the New World Order where the elite control and dominate the entire planet. A system of global worldwide slavery and tyranny where you and your children will become the slave labor to enrich the elites.

How is the NWO controlling our media?

One for the money, two for the show...

The mega media corporations of today are one of the main pillars of NWO control within society. The media companies are interested only in profit and do not profess to actually tell the truth, but instead sell entertainment to the masses. Our television is the most important tool used to silence independant thought and real knowledge. The political pundits and experts are paraded in front of the camera along with soundbites taken out of context constitute our perspective of the world. Who are we to question the experts? We are left with a fragmented and filtered view of the world that in no way represents reality, but instead the twisted world view that the NWO want us to believe. Our people lacking independant thought, take the information they receive from the television (oracle of our days) and store it directly into memory as fact without questioning the information or formulating their own opinion(s).

The Media Conglomerates

Our media is owned and controlled by 10 major corporations. The media conglomerates effectively control the flow of information to the citizens of the world. They use this power and control to censor any information that is contrary to the NWO agenda. The propaganda fed to the nations of the world through the use of the media is the sole tool used to incite the masses to manufacture conflict as well as to silence and dumb down the masses into subservience. Without a free and independant media by the people and for the people, we will never have self determination and real knowledge of the world around us. Instead we live in a simulated fantasy world constructed by the same people who are attempting to keep us divided and ignorant to the truth of the state of the world they have created and of the future NWO they have planned for us.

The massive size and nature of the media conglomerates ensures that it is a simple task to control the information that reaches the masses. The stories are hand chosen before they even reach the editors desk and the actual reporters have no say in the final outcome of their work. It is a common case of the pyramidal

control structure which is used to keep the people in the dark about the real truth. In order to fight the NWO, we must first take back our media so that the truth can once again reach the masses.

How is the NWO creating conflict?

Divide and conquer

The same way every other power in the history of humankind has fought wars when the numbers are skewed in favor of the enemy; divide and conquer. The NWO has no army and they need not for they control the money of the nations of the world and so it is easy to force conflict on nations through economic warfare.

There is no business more profitable than war

It is clear if you look at the total cost of the wars of this century that there is no business more profitable than war. There is also no profiteer who has gained more than the NWO who have played a major role in every conflict and has printed / loaned the war funds for both sides of the conflict enslaving the peoples of the world with massive federal debt that can never be paid off.

Conflicts in recent history

Most of the major wars, political upheavals, and economic depression/recessions of the past 100 years (and earlier) were carefully planned and instigated by the machinations of these elites. They include The **Spanish-American War (1898)**, **World War I** and **World War II**; **The Great Depression**; the **Bolshevik Revolution of 1917**; the **Rise of Nazi Germany**; the **Korean War**; the **Vietnam War**; the 1989-91 "**fall**" of **Soviet Communism**, the **1991 Gulf War**; the War in Kosovo and now the **War on Terror**. Even the **French Revolution** was an orchestrated into existence by the Bavarian Illuminati and the House of Rothchild. (borrowed from <http://educate-yourself.org/nwo/>)

The War on Terror

The latest round of conflict fits the perfect modus operandi of the NWO. A global war on a technique "terrorism" of battle against an ever changing enemy; for example Iraq and soon to be Iran who were not even

responsible for the attacks on 9/11. The invasion of two sovereign countries and the installation of puppet governments under the control of the U.S. military. We also hear now of the Global War on Terror being linked to the conflicts in the middle east such as in Palestine and Lebanon. We hear blatant lies and propaganda linking Iraqi national resistance with Iran and the national Lebanese resistance Hezbollah as being proxy Iranian and Syrian agents. We are told these are the "Birth Pangs of a new Middle East".

It is fairly evident that a perfect storm is currently brewing for the NWO to solidify their plans for world domination. The ground is being prepared for a **larger regional conflict in the middle east** as the flames of civil war are being stoked by the NWO lackeys (U.S. backed politicians) in Iraq, Palestine and Lebanon and Iran being blamed for all the worlds problems. At the same time the NWO is planning a **total collapse of the global financial markets** (as everyone is pegged to the U.S. dollar) in order to create such disparity that the people will acquiesce to a **Third World War** out of desperation. The results of this war will be so devastating both financially and in terms of human life that the solution the NWO will propose to end all war will be the One World Government (fascist dictatorship). The NWO creates the **Problem**, the people call out for a **Reaction**, the NWO offers their pre-made **Solution**.

How do I resist the NWO?

This is simple. We have to all unite under the common banner of the New World Order Resistance Movement independant of nationality, religion, race, ethnicity, political bias. The first step is to work tirelessly to spread this knowledge around the globe so that the agents of the NWO can no longer operate in secrecy. The second step is to demand justice and to begin dismantling the institutions that give the NWO control over our lives. Lastly, we need to ensure that never again will we allow the NWO to gain control of the people.

There have been many video productions made to try and educate the unsuspecting public indirectly around issues that are related to the New World Order. In this section we present a few videos that we believe add factual and valuable information about the New World Order. Our goal is not to list every single video or try to create a complete archive of the issues. If after reading the FAQs and Quotes, and watching the Videos, you are still doubtful of the validity of this information then not much else will open your eyes. It is quite possible that you wake up one morning and the world has changed and the nightmare scenario has become a reality because you were ignorant or indifferent to the warnings you received when you had a chance to do something about it.

The New World Order

"Let me issue and control a nation's money and I care not who writes the laws."

- Mayer Amschel Rothschild, 1790

"I care not what puppet is placed on the throne of England to rule the Empire, ...The man that controls Britain's money supply controls the British Empire. And I control the money supply."

- Baron Nathan Mayer Rothschild, 1815

"We shall have World Government, whether or not we like it. The only question is whether World Government will be achieved by conquest or consent."

- Statement by Council on Foreign Relations (CFR) member James Warburg to The Senate Foreign Relations Committee on February 17th, 1950

"Today, America would be outraged if U.N. troops entered Los Angeles to restore order [referring to the 1991 LA Riot]. Tomorrow they will be grateful! This is especially true if they were told that there were an outside threat from beyond [i.e., an "extraterrestrial" invasion], whether real or *promulgated* [emphasis mine], that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this *scenario*, individual rights will be willingly relinquished for the guarantee of their well-being granted to

them by the World Government."

- Dr. Henry Kissinger, Bilderberger Conference, Evians, France, 1991

"We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national autodetermination practiced in past centuries."

- David Rockefeller, founder of the Trilateral Commission, in an address to a meeting of The Trilateral Commission, in June, 1991.

In the next century, nations as we know it will be obsolete; all states will recognize a single, global authority. National sovereignty wasn't such a great idea after all."

- Strobe Talbot, President Clinton's Deputy Secretary of State, as quoted in Time, July 20th, 1992

"For more than a century ideological extremists at either end of the political spectrum have seized upon well-publicized incidents such as my encounter with Castro to attack the Rockefeller family for the inordinate influence they claim we wield over American political and economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure--one world, if you will. If that's the charge, I stand guilty, and I am proud of it."

- David Rockefeller's Memoirs (Random House, New York, 2002)

The Resistance

"The hope of the world is still in dedicated minorities...It will take such a small committed minority to work unrelentingly to win the uncommitted majority. Such a group may well transform America's greatest dilemma into her most glorious opportunity."

- Rev. Martin Luther King, Jr.

"The real menace of our republic is this invisible government which like a giant octopus sprawls its slimy length over city, state and nation. Like the octopus of real life, it operates under cover of a self created screen...At the head of this octopus are the Rockefeller Standard Oil interests and a small group of

powerful banking houses generally referred to as international bankers. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both political parties."

- New York City Mayor John F. Hylan, 1922

"The Trilateral Commission is intended to be the vehicle for multinational consolidation of the commercial and banking interests by seizing control of the political government of the United States. The Trilateral Commission represents a skillful, coordinated effort to seize control and consolidate the four centers of power political, monetary, intellectual and ecclesiastical. What the Trilateral Commission intends is to create a worldwide economic power superior to the political governments of the nationstates involved. As managers and creators of the system ,they will rule the future."

- U.S. Senator Barry Goldwater in his 1964 book: With No Apologies.

"In March, 1915, the J.P. Morgan interests, the steel, shipbuilding, and power interest, and their subsidiary organizations, got together 12 men high up in the newspaper world and employed them to select the most influential newspapers in the United States and sufficient number of them to control generally the policy of the daily press....They found it was only necessary to purchase the control of 25 of the greatest papers. "An agreement was reached; the policy of the papers was bought, to be paid for by the month; an editor was furnished for each paper to properly supervise and edit information regarding the questions of preparedness, militarism, financial policies, and other things of national and international nature considered vital to the interests of the purchasers."

- U.S. Congressman Oscar Callaway, 1917

"For a long time I felt that FDR had developed many thoughts and ideas that were his own to benefit this country, the United States. But, he didn't. Most of his thoughts, his political ammunition, as it were, were carefully manufactured for him in advanced by the Council on Foreign Relations-One World Money group. Brilliantly, with great gusto, like a fine piece of artillery, he exploded that prepared "ammunition" in the middle of an unsuspecting target, the American people, and thus paid off and returned his internationalist political support.

"The UN is but a long-range, international banking apparatus clearly set up for financial and economic profit by a small group of powerful One-World revolutionaries, hungry for profit and power.

"The depression was the calculated 'shearing' of the public by the World Money powers, triggered by the planned sudden shortage of supply of call money in the New York money market....The One World Government leaders and their ever close bankers have now acquired full control of the money and credit machinery of the U.S. via the creation of the privately owned Federal Reserve Bank."

- Curtis Dall, FDR's son-in-law as quoted in his book, My Exploited Father-in-Law

"A system of capitalism presumes sound money, not fiat money manipulated by a central bank. Capitalism cherishes voluntary contracts and interest rates that are determined by savings, not credit creation by a central bank."

- U.S. Congressman Ron Paul

"The drive of the Rockefellers and their allies is to create a one-world government combining supercapitalism and Communism under the same tent, all under their control... Do I mean conspiracy? Yes I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent."

- Congressman Larry P. McDonald, 1976, killed in the Korean Airlines 747 that was shot down by the Soviets

"A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated governments in the civilized world. No longer a government by free opinion, no longer a government by conviction and the vote of the majority, but a government by the opinion and duress of a small group of dominant men."

- Woodrow Wilson (The New Freedom 1913 - <http://www.gutenberg.org/files/14811/14811-8.txt>)

"Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the Field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they better not speak above their breath when they speak in condemnation of it."

- Woodrow Wilson (The New Freedom 1913 - <http://www.gutenberg.org/files/14811/14811-8.txt>)

"It is well enough that people of the nation do not understand our banking and monetary system, for if they did, I believe that there would be a revolution before morning. And that revolution would be based around the Federal Reserve."

- Henry Ford

"We have, in this country, one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board. This evil institution has impoverished the people of the United States and has practically bankrupted our government. It has done this through the corrupt practices of the moneyed vultures who control it."

"The Federal Reserve banks are one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my voice who does not know that this nation is run by the International bankers."

"Some [Most] people think the Federal Reserve Banks are the United States government's institutions. They are not government institutions. They are private credit monopolies which prey upon the people of the United States for the benefit of themselves and their foreign swindlers."

- Congressman Louis T. McFadden in 1932 (Rep. Pa),
Chairman of the Committee on Banking and Currency

"Neither paper currency nor deposits have value as commodities, intrinsically, a 'dollar' bill is just a piece of paper. Deposits are merely book entries."

- Modern Money Mechanics Workbook, Federal Reserve Bank of Chicago, 1975

"From now on, depressions will be scientifically created."

- Congressman Charles A. Lindbergh Sr. , 1913

"When you or I write a check there must be sufficient funds in our account to cover the check, but when the Federal Reserve writes a check there is no bank deposit on which that check is drawn. When the Federal Reserve writes a check, it is creating money."

- Putting it simply, Boston Federal Reserve Bank

"I believe that banking institutions are more dangerous to our liberties than standing armies. Already they have raised up a monied aristocracy that has set the government at defiance. The issuing power (of money) should be taken away from the banks and restored to the people to whom it properly belongs."

- Thomas Jefferson, U.S. President.

"But if in the pursuit of the means we should unfortunately stumble again on unfunded paper money or any similar species of fraud, we shall assuredly give a fatal stab to our national credit in its infancy. Paper money will invariably operate in the body of politics as spirit liquors on the human body. They prey on the vitals and ultimately destroy them. Paper money has had the effect in your state that it will ever have, to ruin commerce, oppress the honest, and open the door to every species of fraud and injustice."

- George Washington in a letter to Jabez Bowen, Rhode Island, Jan. 9, 1787

Action [\[Top\]](#)

If you have reached this part of the website you are ready to find out what you can do in order to stop the NWO from achieving their goal of total world domination and enslavement. We need you to act upon the information that you have read on this website in order for us to achieve our goals. Our action plan consists of the three pillars; knowledge, justice and freedom. In order for us to succeed we need to embrace and share this knowledge so that we can reach as many people as possible as fast as possible. Secondly, we need to stop playing the game with the NWO and demand justice through our elected representatives or run for office ourselves. We only need to have 100% commitment from a strong minority to achieve success. Lastly, if we put the effort in and stand up for our rights we can stop this downward spiral and restore freedom for all.

Please act today, the future of the world depends upon your decision and commitment!
